DISCOVER WEB OF KNOWLEDGE

University of Luxembourg Campus Kirchberg

23rd November 2010 / Room Paul Feidert / 4pm

—
Speaker: Alain Frey (Thomson Reuters)

Who is citing your publications? In which journals? When and how often?
Come and discover how...

- ... to find quickly important articles in your domain
- ... to process a watch of the latest publications
- ... to be informed as soon as your publications are cited
- ... to analyze your publications in terms of citations
- ... to discover your H-index
- ... to track emerging ideas and new research in specific fields
- ... to exploit and to export the results

The conference will explore Web of Knowledge, including Journal Citation Reports;
as well as Web of Science and Conference Proceedings.

An event organized by the Library of the University of Luxembourg, in collaboration with
the Consortium Luxembourg. More information: bibliotheque@uni.lu
