

## Physics and Materials Science Programme of the DSSE

### Secondments of doctoral candidates

#### Explanation:

Secondments to an academic or industrial research partner can be an important part of the training of doctoral candidates. Therefore we recognise such training by validating 1 ECTS point for 1 month of secondment.

Name of doctoral candidate:	
Name of supervisor:	
Where did you make the secondment? (Name and location of the partner institution)	
How long was the secondment? Please give the exact dates.	
What was the purpose of the secondment? What did you learn during the secondment?	
Signature of the doctoral candidate and the supervisor
