Dean

Faculty of Law, Economics  
and Finance

Dear graduates,

I would like to personally welcome you and your guests to the 2021 FDEF graduation ceremony. I am very happy that we can truly share in this joyous occasion together. Today, we celebrate each one of you: your past, your present and your future.

Some of you may have chosen to continue your studies, while some of you have already begun your professional life. Whatever your individual life path, I believe that it is important that we take this moment to recognise the years of hard work and dedication that you have put into obtaining your degree at the University of Luxembourg. It is important for me to express the pride I feel towards each of our students.

Graduating from an institution of higher education is no small feat. During your time as a student, we have asked a lot of you. We have asked you to be critical thinkers, to be independent scholars, to be thoughtful citizens. Whether you are aware of it or not, your university experience has changed you profoundly. Think of the people you have met, the different points of view you have considered, the new perspective that you have gained. Now, these things are all part of you. You will carry them with you as you move forward.

I hope that you will look back on this time with fondness, satisfaction and pride, but also a deep sense of belonging. The university is your first professional network, from which you receive, but to which you also give. As you move into this next, exciting chapter of your life, we would very much like you to stay in touch both with us and with each other to help continue to build our alumni community together.

The class of 2021 was confronted with an unprecedented challenge. The pandemic radically and permanently altered how instructors teach and how students learn. The adaptability, strength and resilience that you have developed during this time is a precious asset which shall serve you well throughout your future endeavours.

On behalf of all colleagues, professors and adjunct professors, we salute you!

Congratulations!
