

ANNE OBERLÉ-DRAPIÉ

Managing Director

University of Luxembourg

Competence Centre

Dear graduates,

On behalf of the University of Luxembourg Competence Centre, it is my great pleasure to offer you our heartfelt congratulations on your graduation. As hard times are said to produce the greatest gifts, it has been a great privilege indeed to assist you on your journey from high school graduate to credentialed, young professionals or future master's students. Furthermore, we are immensely proud to also be able to commend our first certification candidates for the accomplishment of their course.

To all of you, it is your resilience, your adaptability and your optimism that has been exemplary despite the challenging circumstances that you had to face during your studies. You have done a really great job and you should be proud. It has been most gratifying to witness that even in the context of a pandemic, young striving minds, accompanied by passionate and caring pedagogical staff, can achieve their goals and even exceed them. You braved the challenge and as you now move forward into your careers and lifelong journeys, whether graduated in 3D computer Animation, in Accounting and Taxation or certified Promoter of Physical Activity and Education, do not forget your path yet continues. You will be amongst those that rise from this period as part of a promising generation. Whether you will go for one of the six "golden jobs" as a chartered accountant or a professional of the 3D animation industry, do not let anything stop you from evolving further. We encourage you to seek ways to serve your community, to accomplish great things with the knowledge you have acquired and remember to always keep on being curious and eager to learn. This graduation ceremony is your moment to celebrate your achievements with your friends and families. We wish you all the best in your future endeavours and will truly miss you, but we look forward to learning of your successes as you move through your career. We will always be happy to welcome you to the Competence Centre as attendees of our continuing education programme.
